### Abstract

*In today's modern civilized world communication plays pivotal role in one's life. In this globalised world, all transactions must be seamless. The adoption of English as the language of global communication has enabled us to realize goal substantially, and communicating fluently in it is an essential prerequisite for everyone in the academic and professional world as well. It is, therefore, necessary for everyone to understand the nature of communication, its obligatory components and the various integrated expressions associated with it. This paper is an attempt to present how communication is important, how it works in every sphere of life.*

**Key Words:** *communication, encoding, decoding, process of communication*
